

Science Fair 2011 Self-Assessment

	I can do this with help	I can do this by myself	I can tell someone else how to do this
Think of a Question			
Hypothesize an outcome			
Design a Material List			
Choose a Procedure for your experiment			
Decide on Variables (if any)			
Sketch Experiment			
Collect Data			
Analyze Data			
Make a conclusion			

Does my Science Fair Entry have the following?

- My name, grade and teacher's name
- Title of my project
- Question
- Hypothesis
- Material list, Procedure (including variables if used) and Data
- Sketch and photos of my project
- Conclusion
- My Hypothesis was correct.
- I had fun!
- I learned something new!
- I will do the Science Fair next year too!
